FOREVERGREEN 

HAPPINESS

Stay Beautiful

The BeautyStrips System includes both a serum and a mask. The serum is perfect for daily skincare, and the mask is like a facial for those days you're in need of a little self-pampering.

The BeautyStrips Serum offers a new level of luxury to your daily skincare regimen. Antioxidants, all-natural moisturizing agents, and a proprietary blend of cutting-edge ingredients including Telagenex-5 with cycloastragenol combine in the BeautyStrips Serum to moisturize and replenish your skin.

The BeautyStrips Mask begins with a genuine base of pure, naturally-sourced kelp seaweed whose production consists of more than 1300 hours of hand-crafted care. Alone, kelp seaweed naturally provides the minerals and nutrients necessary to calm, smooth, nourish and hydrate your skin. The BeautyStrips Mask has been made with 31 additional natural skin-loving ingredients to provide the ultimate in-home spa experience.

BEAUTYstrips™

The BeautyStrips™ System has been specially formulated to amplify your timeless beauty and restore your skin's youthful energy.

Featuring the patent-pending ingredient Telagenex-5™ with cycloastragenol, the BeautyStrips System combines the latest innovations in science and nature to provide safe, effective results. As demonstrated in Nobel prize-winning research, cycloastragenol has been proven to support telomere health. Telomeres are parts of the human DNA that naturally diminish with age.
